

ELECTRIC LIFTING TABLE

Platform 1300 x 1000 mm

Electric scissor lift table with 1,500 kg capacity and adjustable height to ensure a comfortable working position in all situations: assembly stations, inspection points, palletizing stations, machine output, etc. Controlled by a push-button panel with emergency stop and a safety frame to stop descent if an obstacle is detected. Smooth movements. Rectangular steel structure ensuring table stability and resistance, equipped with a safety bar. The motor is IP54 protected. Adjustable valve, removable shafts, and stabilizing rollers. Custom manufacturing available — contact us.

TECHNICAL FEATURES

Base dimensions (length x width): 1300 x 1000 mm

Maximum height: 770 mm

Folded height: 230 mm

Lifting time: 20 seconds

WORK REQUIREMENTS

Maximum load capacity 1500 kg

Weight 146 kg

Motor 1.1 kW

Voltage 3x380+N+T
