THE PACKAGING MACHINERY BRAND

Bizzy/Bizzy+ Forming and Packing Monoblocs

Compact equipment for box forming and subsequent filling. Its modular design offers a wide range of installation options, making it adaptable to any type of workspace, no matter how small. The different head options available make these units a universal solution for any packing requirement.

MODEL		BIZZY	BIZZY+
Maximum output	cycles/min*	8	8
Maximum box dimensions (external)	L mm	600	650
	W mm	410	410
	H mm	400	400
Minimum box dimensions (external)	L mm	210	210
	W mm	120	120
	H mm	100	100
Supported box types		RSC, HSC, FEFCO 0200/0201	RSC, HSC, FEFCO 0200/0201
Available bottom closures		tape, hot-melt glue	tape, hot-melt glue
TECHNICAL DATA			
Available heads		flat vacuum, suction cups, tulips, clamps...	
Head options		double head, quick change	
Weight	kg	1250	1250
Dimensione	L mm	2385	3565
	W mm	2770	3360
	H mm	3790	3790
Working height	mm	650-750	650-750
SERVICE			
Electrical voltage		230/400v III+T+N	230/400v III+T+N
Installed power	kW	6,45	6,45
Electrical consumption	kW/h	3,7	3,7
Air pressure	bar	6	6
Air consumption	l/cycle	12	12
OPTIONS			
Extended magazine		O	O
Stainless steel		O	O
